Aftercare Options

Purpose Prep will open its doors to scholars at 7:35am and will close at 3:30pm Monday thru Thursday and 2:30pm on Friday. It is important that scholars are not left at the school outside of these hours. At Purpose Prep, we understand that these hours may not fit with every family's schedule and before or aftercare options may be necessary. To assist families in locating a suitable option, we have contacted the following service providers listed below. We are committed to providing bus transportation to each of the locations listed. We are continuously searching for options that best fit the needs of our families, so if you have any suggestions on facilities you would like for us to contact, please let us know.

After School Programs

If you want your child to enter into an after school program or center upon arriving at the stop, you must provide documentation to Purpose Prep that releases your child into the aftercare program instead of to an adult. You may contact the front office for additional information at 615-724-0705.
